

# 2018 ANNUAL CONFERENCE

September 26–28, 2018

Springfield, IL

54<sup>th</sup>

## EARLY BIRD ACADEMIES

ADMINISTRATORS' ACADEMY CREDIT COURSES

Wednesday, September 26, 2018

### **Principal Evaluator Competency Skill Building for Pre-Qualified Evaluators (AA #1865)**

The Academy focuses on a high rate of inter-rater reliability using the required performance evaluation ratings. Using case studies, the participants will collect evidence and use the Illinois Standards for Principal Evaluation to rate the principals.

*Presented by: Dr. Mark D. Hansen, Superintendent of Eastland CUSD #308*

### **The Board and Its Superintendent: Building Relationships (AA #1833)**

The purpose of this course is designed to help the board and superintendent govern more effectively by providing prospective, current and future superintendents with the knowledge and skills to establish the ideal relationship with various school boards. The success of the superintendent is contingent upon the success of the school board and vice-versa. By enhancing working relationships between the board and the superintendent by identifying and teaching superintendents on key areas of board governance, one can reasonably forecast that the superintendent will be successful in leading the board to become high functioning.

*Presented by: Dr. Patrick Rice, IASB Field Services Director, and Cathie Pezanoski, Superintendent of Elwood CCSD #203*

### **Adaptive Leadership for School Administrators: Dealing with Change (AA #1825)**

School leaders and school districts must continuously adapt to new realities just to survive. To do this, school leaders are called to lead with the courage and skill to challenge the status quo, deploy themselves with agility and mobilize others to step into the unknown. This course will help leaders think more clearly and execute better in a shifting environment. It offers a comprehensive and systematic approach to assess the situation and oneself, and then take action toward incorporating a problem-solving mindset that will enable the school district—and ourselves and those with whom we work—to accept the changes we desire to be more successful.

*Presented by: Dr. Gary Zabilka, IASA Field Services Director*

### **Registration Information**

The cost is \$200 per course. Sign-in will begin at 8 a.m. and the courses are scheduled from 8:30 a.m. to 3 p.m. The registration fee includes the cost of materials and lunch.

Cancellation refunds will be granted if the IASA Office receives the cancellation notice seven days prior to the event. If notice is received less than seven days prior to the event, the registration fee will be forfeited.
