

## Become an IASA Corporate Partner Today!

To further the mission of the Illinois Association of School Administrators (IASA), the Corporate Partner Program provides enhanced opportunities for businesses that supply schools with materials, equipment, programs and services to communicate and otherwise interact with the IASA and its members. Throughout the year, IASA holds a variety of events offering excellent opportunities for Corporate Partners to experience quality, face-to-face time with school leaders. You can maximize your marketing dollars and gain year long recognition and visibility with those who make the daily purchasing decisions that affect their schools.

IASA is the premier organization for school administrators in the state.

Please review the available events and opportunities listed below. **If you choose not to participate as a Corporate Partner member, you may still select from the available opportunities as a “traditional” School Service Member and submit your payment accordingly.** Corporate Partners must pay School Service Membership dues to participate in the program.
