This timetable is a guide for superintendents and school administrators. It is not intended to be all inclusive. Although responsibilities and procedures vary among districts, this timetable highlights the major tasks performed.

Getting Started—Late Summer to Fall (July through October)

New superintendents should schedule an appointment to meet with legislators in your new district. Make sure you get to know them—not just casually, but with some real interaction.

All superintendents should make a special effort to schedule a meeting with your local legislators in their district offices.

- Discuss issues particular to your school district.
- Provide them with a one-page explanation on issues specific to your district.
- Learn particulars about your legislators:
  - What political party/What committees they serve on in the General Assembly

Your goal—to develop a relationship that has your legislators picking up the phone to contact you in regards to legislative issues affecting your school district to get your opinion before they take a vote on these issues.

These are generally the months when legislators are holding fundraisers in their districts. Do something for your legislators, instead of always asking for something. For example, if you are fortunate enough to have legislators who demonstrate a strong commitment to education, do what you can to help them stay in office by attending their fundraisers to show support. They will remember you.

Superintendents are encouraged to become members of IPAC and APAC.

And last but not least, keep in mind that if you care about the future of public education, you must care about legislation.

Follow-Through—Late Winter to Spring (February through May)

The General Assembly is in full session. Stay informed about what is going on in the Capitol through the press, IASA blasts, Capitol Watch and the State School News Service. You can also follow the IASA Twitter @IllinoisASA and @IllinoisASAGR.

Make sure to alert your legislators in writing or by phone about the issues that concern you and keep communicating those concerns during session. Often legislation moves so quickly during a legislative session that your issues may inadvertently be overlooked.

Plus, remember to say thank you especially when you know an issue was controversial. Also, try to remember that your legislator is probably being pushed in three different directions on any given issue and will not always be able to vote the way you would like. Be sure to keep the relationship open for future issues.

Many pieces of legislation are moving through committees during these months and it is very important to ensure superintendents are represented and testimony is provided when necessary. Work with other superintendents on legislative issues that affect their districts (similarly) and form a coalition to lobby your legislators together.
