ALLIANCE LEGISLATIVE REPORT (99-8)

Both the Illinois House and Senate were in full session this week, discussing bills in committees and grappling with budgetary issues over the \$1.6 billion shortfall for Fiscal Year 2015. Alliance and Vision 20/20 initiatives are being worked on in legislative committees and

behind the scenes as legislators begin the “heavy lifting” with thousands of bills to consider before the first committee deadline scheduled for Friday, March 27.

BUDGET BATTLE LOOMING

On Tuesday, the first shot of the pending budget battle was fired as Senate Democrats advanced a supplemental budget bill out of a Senate Committee against the wishes of **Governor Bruce Rauner**. The legislation, **SB 274 Kotowski (D-Park Ridge)** would sweep \$580 million in special funds to help ensure continued funding for programs in Fiscal Year 2015. A possible landing point for some of the newly “found” \$580 million is a child care assistance program that has gotten much publicity in the past few weeks.

Governor Rauner had been engaging in conversation with legislative leaders on ways to fix the \$1.6 billion shortfall for FY 15, but those talks stalled when Rauner laid out his budget without any revenue increases. After the Appropriations I Committee approved SB 274 on a partisan roll call, Republican’s decried the maneuver as the same type that created the budget gap in the first place.

The impact of SB 274 on local school districts remains unclear. Nearly \$125 million of education or education related funds were swept in the legislation; however the funds were diverted to the General Revenue Fund where the majority for General State Aid is funded. We will continue to keep you updated on the appropriations process as the budget picture continues to develop. SB 274 is currently awaiting approval by the full Senate. It is unclear as to whether or not the House would take up the matter if the Senate sends SB 274 to House for consideration.

HOUSE EDUCATION TASK FORCE to MEET ON SCHOOL FUNDING

House Speaker Michael Madigan and Republican Leader Jim Durkin have named members to a newly created bipartisan House Task Force to study “the way in which the state distributes funding to Illinois public schools.”

The Senate’s work under the Education Funding Advisory Committee culminated in the introduction and passage of SB 16 in 2014 by that body. The House began talks last summer to address the issues of school funding but talks stalled in the fall.

The Task Force will meet at 3p.m. on Wednesday, March 11 in Room 118 of the Capitol. Our Vision 20/20 Initiative recommends an “Evidence Based Funding Model” as put forth in **SB 1403**. Please contact your legislators and those below to encourage them to review our proposal. ALLIANCE & VISION 20/20 BILL ACTION

Alliance and *Vision 20/20* legislation is active in the Illinois General Assembly as bills are being posted to be heard in committees and many have made it past the committee stage to be heard by the full body in either the House or Senate. These critical measures for schools are identified as such in the bill descriptions. Please take a moment to contact your legislator, especially if they are a committee member hearing these bills. You can find the committees your representative or senator serves on by going to www.ilga.gov.
